

KEY STAGE: 2

AT/SC: 2

TITLE: What do minibeasts like to eat?

Programme of Study:

- 2.5a that different plants and animals are found in different habitats
- 2.5b how animals and plants in two different habitats are suited to their environment

Points to consider:

Woodlice and snails seem to be the most obliging and easiest to catch.

Possible AT1 teaching focus:	Comments:
